

MAP AIDSLine Resource Quick List

The MAP AIDSLine maintains the HIV Resource Guide, a statewide directory of programs and services for people living with HIV in Minnesota. The most current version of the Resource Guide is available online at www.mn aidsproject.org/resourceguide. The Resource Quick List is an abridged version of our Resource Guide and contains the most commonly used programs and resources. The HIV Resource Guide and Quick List is just a starting point for locating services. If you have questions about something on this list, can't find what you need or don't get the help you need when contacting a resource, contact a Community Educator at the MAP AIDSLine for personalized assistance. The MAP AIDSLine is open Monday-Friday from 9:00 a.m. to 5:30 p.m. Reach us online at www.mn aidsproject.org/aidsline or by calling 612-373-2437 or 800-248-2437.
